Thanks! Yes, two things:

- 1) A key difference between the USGS and the EPA reports issued in October; and,
- 2) An update on Pavillion on the one-year anniversary since the release of the EPA draft field study.

Thanks!

Hey Tripp,
Happy to chat tomorrow. Any additional specifics on what you'd like to discuss?

"Baltz, Tripp" ---12/05/2012 06:01:54 PM---Would love to talk with you tomorrow about Pavillion. When would be a good time to call? >>>>>>>>>>
